

# Reviving Your Remarkable Rambler

## The Recognizable Rambler Comes of Age!

- Discover how to preserve your Rambler's original features?
- Learn how to restore your home's windows and where to find replacement materials?
- Find out how to preserve the siding, roof, and gutters on your Rambler's exterior?
- Discover the ways you or your neighbors can designate your Rambler as part of a historic district?

We've got the answer to these questions and many, many more...

### Join us for two new workshops!

#### "How to Preserve Your Charming Rambler"

Learn why and how Ramblers were built during the post World War II era and what you need to do to preserve yours!

By attending this session you will learn techniques and resources for saving your windows, siding, gutters, roofs and garages.

Join Ned Storla and Clayton Larson from the City of Coon Rapids who will provide you with the information you need to make the right decisions in preserving your historic Rambler.

**S8617**

**Thursday, April 13th 6:30-8:30 pm \$39 per person**

**Register by calling:**

**952-848-3950**

attend class at the

**Edina Community Education Services**

**Edina Public Schools**

**5701 Normandale Road Edina, Minnesota 55424**

#### "Preserving Your Rambler From the Inside Out!"

Come to this lively class and learn from the experts of the National Trust for Historic Preservation. Discover how to diagnose problems, prioritize projects, and find the right replacement materials to keep your home looking true to its original architecture.

Learn if your Rambler is "historic" and discover ways that your home and neighborhood could be listed as part of a historic district!

Join Christina Morris and Jeanne Lambin from the National Trust, experts in architecture of the recent past in this learning workshop.

**S8642**

**Wednesday, May 10th 6:30-8:00 pm \$31 per person**
